

“ISS Virtues”

Put the **I** in ISS

1. **I** have the responsibility to Stop Work when **I** believe something maybe unsafe.
2. **I** will verify that equipment is Isolated & De-Energized before working on it.
3. **I** will never walk or work under a Suspended Load.
4. **I** will make and follow a Journey Management Plan.
5. **I** will wear fall protection when working at heights.
6. **I** will look out for my co-workers when **I** see Hazards that they may have overlooked.
7. **I** will ensure all safety equipment is certified and in working condition before **I** use it.
8. **I** will obtain authorization and documentation before entering a Confined Space.
9. **I** will complete a Management of Change (MOC) when changes are necessary.
10. **I** will follow safe work practices and procedures.
11. **I** will actively participate in JSA's and discussions.
12. **I** realize that hazard ID is nothing without Corrective Actions to follow.
13. **I** will report ALL incidents no matter how small; they could prevent something bigger later.

**I will come to work Mentally & Physically prepared so that
EVERYONE can GO HOME SAFELY.**
